GEORGIA CRIME VICTIMS COMPENSATION PROGRAM
CRIMINAL JUSTICE COORDINATING COUNCIL

The Georgia Crime Victims Compensation Program will pay for the cost of a forensic medical examination up to $1,000 per victim, per victimization for a sexual assault that occurred in Georgia on or after July 1, 2011; otherwise, the appropriate law enforcement agency must be billed. Please note that the request for payment for the reasonable costs of a forensic medical exam complies with the following provisions:

PLEASE NOTE

- A physician, physician assistant, registered nurse, SANE-A (adult adolescent) or SANE-P (pediatric) must have performed the forensic medical examination.
- The Application for Payment and the HCFA-1500, UB04, UB92, or itemized statement/bill must be submitted within 1-year of the crime occurring. For crimes occurring on or after July 1, 2014, the Application for Payment and itemized statement/bill must be submitted within 3 years of the crime occurring.
- All charges/services associated with the forensic medical examination that was performed must be itemized and submitted with the application, and only those expenses for the actual examination will be considered for payment. The bill must be submitted one time, within 30 days of the examination.
- The Forensic Medical Examination Fee Schedule reflects the maximum allowable cost for each service and/or procedure related to a forensic medical examination for sexual assault victims.
- Payment made by the Georgia Crime Victims Compensation Program for a forensic medical examination, as defined in O.C.G.A. § 17-15-2 (6) (A-E), must be considered as payment in full. The victim cannot be billed directly or indirectly for a forensic examination. All other services can be billed to the victim or their respective insurance.
- The Georgia Crime Victims Compensation Program is not bound by any billing or contractual agreements made between agencies and/or service providers. Please Note: The facility fee may not be paid to an individual examiner, unless they are the owner of the facility where the exam was conducted.
- The provider and/or facility should bill the Georgia Crime Victims Compensation Program the usual and customary charges for the forensic examination on a HCFA-1500, UB04, UB92, or itemized statement. To be considered for reimbursement, the bill for service must include the associated CPT Code or Revenue Code and an itemization of the services provided.
- The cost of only two forensic medical examinations per year, per sexual assault victim, will be considered a reasonable cost. If more than two requests are submitted per year, per victim, the third claim will be submitted to the Georgia Crime Victims Compensation Board for consideration.
- Any provider and/or facility submitting their Applications for Payment are subject to a site visit by the Criminal Justice Coordinating Council and must cooperate with the site visit process as a condition of receiving future payments for forensic medical examinations. Please Note: Please refer to our website for our FME Fee Schedule, Policy and Procedures, and FME forms.
